Thanks, we're adding this and the CBC request into the tracker. David, Curtis and Nancy, will you handle or should the EOC respond?

Christie

Hi—I am working on a story for Engineering News-Record magazine on the blowout into the Animas River, and wanted to see if you or the Public Information Officer speaking about this issue for EPA's region 8 would be available tomorrow morning, this afternoon, or possibly Monday morning to talk about what happened (I know EPA released this week a report on its internal investigation), what the next steps are, and what will change as a result of this incident? Would you be able to give me a call at (301) 585-1142? Pls. let me know.

Thanks,

**Pam Hunter McFarland**
